

# FINANCING AVAILABLE!

## TERRACE FINANCE

### Allowing You the Freedom to Buy

- ✓ Consumer financing for \$200-\$15,000
- ✓ All credit profiles considered!
- ✓ No application fee!
- ✓ Upload documents with a snap from your phone.
- ✓ Gain access to our lender network with one application.
- ✓ Commercial financing available for \$500 and up!

## How it Works

### APPLY

Start the application when you know the approximate cost of the merchandise or service you are interested in. Some of our lenders may require documentation such as driver's license, pay stub, and bank routing number.

### GET MATCHED

The Terrace Finance lending platform will work to match you with a program based on your credit profile, needs, and state regulations. The assigned lender will follow up with you directly to make an offer. If you are declined, don't worry, your application will waterfall to another lender automatically.

### FINALIZE

Once you review and accept the terms from your lender match, you can finalize the transaction. Your merchant will be prompted to submit an invoice through the system for the final total of the transaction. You both will be notified when the lender has funded the transaction and the process is complete

### WILL MY CREDIT BE PULLED?

Although Terrace Finance conducts only a soft credit pull for routing purposes, many of the lenders on our platform do conduct a hard credit pull to confirm your eligibility. You will be asked for formal consent as you fill out the application.

### WHO IS TERRACE FINANCE?

Terrace Finance Corp is not a lender. Our mission is to help our merchants and their customers find the financing they need through access to a curated lender network.
