At Core, we bring innovative health and fitness brands to the global market. We press into the future of fitness to ensure the creation of quality products and programming that meet the needs of an ever-evolving industry.

“OUR PURPOSE IS TO
LIVE AND SHARE OUR
PASSION FOR FITNESS”

A GLOBAL FITNESS COMPANY

Core Health & Fitness is a global fitness provider. With headquarters in Vancouver, Washington, we have global manufacturing, sales and support with offices in North and South America, Europe, Asia and the Middle East. We understand the importance of a worldwide presence and recognize the benefits of well networked partnerships.

Our promise is to maximize customer delight and trust. It is our job to go above and beyond to create memorable customer experiences and surpass your expectations. We endeavor to create strong relationships and lifelong brand advocates by delivering a world-class customer experience.

VERTICAL INTEGRATION

Core Health & Fitness is a vertically integrated company. Our manufacturing facility in Xiamen, Fujian, China produces our high-end commercial fitness products.

With a focus on financial consolidation, quality control and supply chain integration, we are continually improving operations with the future of the fitness industry at the focal point of our planning.

In addition to manufacturing our own products, Core Health & Fitness is the OEM provider for many top tier brands in the fitness industry. This diverse portfolio has allowed us to expand on manufacturing capabilities while also mitigating risk.

When faced with the COVID-19 pandemic, Core Health & Fitness was able to increase manufacturing volume by pivoting with the increased production of home fitness equipment. This agility, backed by a dedicated and skilled workforce, further exemplifies our continued dedication to producing the best equipment in the industry.

Built in 2003, our facility features over 1M square feet of manufacturing space, research and development laboratories as well as executive and administrative offices. A leading-edge manufacturing area boasts continuous-flow assembly lines, electronic assembly, metal fabrication and weld shops.

The ongoing expansion of development and manufacturing capabilities emphasizes our commitment to continually raise the benchmark for value and quality in fitness and health products and services. Our manufacturing facility implements Continuous-Flow Manufacturing (CFM) and Quality Improvement Programs (QIP), providing continuous product and process improvements.

CORE VALUES

PLAY TO WIN

We cultivate employees who want to be part of a team; that are passionate about our industry, our products and our success. We value employees who excel in a fast-paced team environment and that want to play to win.

KEEP SCORE

Do the math, ensuring we are using our time and resources effectively towards a common goal. We believe financial rigor drives our efforts.

OWN IT

We own it from start to finish; we do what we say we will do. If a commitment cannot be met, we communicate and find alternative solutions. We ultimately earn the trust of our partners, achieving the right results.

CHANGE IT UP

We are empowered to change it up. Dynamic environments call for dynamic solutions. We will look for “what’s possible”, not settle for “what is”, and keep moving forward.

ALL IN

We know greatness is not achieved with less than everything we got. As one team, all in together, we strive for breakthrough results and push ourselves to be the best. We are motivated and passionate about our actions and the results.

FIND A WAY

We find a way to create results where others cannot; the words “no” and “failure” are not a part of our vocabulary. We get the job done in spite of any obstacles, and our success is defined by the value we deliver, to our people and our customers.

SPEAK UP

We value your input – Speak up. No idea will ever materialize into success if it remains inside someone’s head. All ideas qualify; best idea wins. No silent suffering.

CREATING POSITIVE IMPACT THROUGH THOUGHTFUL ACTION

At Core Health & Fitness our values go beyond a list of ideals. We embrace our humanity and focus on those things we can do to make a positive impact in our local and global communities. We know the past, present and future hold equal weight so we assess our actions and make important choices to assure we leave the world a better place than when we entered.

With focus on Sustainability, Wellbeing and Community, Core Health & Fitness is continually finding ways to strengthen our foundation to share our passion for fitness and our sense of responsibility to protect the future of it.

COMMUNITY

Communities are powered by the human need to connect, and they empower their members to lift each other up. This support particularly from a fitness community crosses all social and physical boundaries.

Our goal is to be the catalyst that brings people together through fitness to accomplish more than they could individually. We meet this goal by participating in events like Together, We Ride virtual marathons Cycle for Survival and First Tee YMCA.

SUSTAINABILITY

The successful growth and resilience of the fitness industry is dependent on meeting the needs of today without compromising the success of future generations.

Core strives to meet this challenge by committing to the United Nations Sustainable Development Goals and follow the Plan-Do-Check-Act framework to become ISO 14001 certified. Our key target areas are to design out waste and pollution in our packaging and to maximize transportation efficiency, as well as actively address welding, injection molding, and assembly processes at the factory that have negative environmental impact.

WELLBEING

At Core, Wellbeing is the pursuit of activities and lifestyle choices that make us physically and mentally healthier, which is both integral to the successful business models of our customers, as well as part of the necessary foundation for our ability as a global team to support those customers effectively.

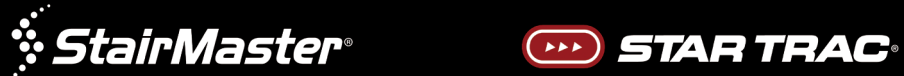

CARDIO

Since its founding in 2010, Core Health & Fitness has built on the legacies of its iconic brands—StairMaster and Star Trac—to lead the way in main floor cardio solutions.

For over 40 years, StairMaster has been a game-changer, delivering the intense, results-driven workouts that challenge members to push their limits. From raising heart rates to torching calories, equipment like the legendary StairMaster and Jacobs Ladder are built to make it “easier to work harder,” offering the kind of workout people love to hate—and keep coming back for.

Founded in 1979, Star Trac has always been about inspiring movement. With a focus on creating intuitive, reliable equipment, Star Trac empowers operators to offer experiences that drive member engagement and help foster lifelong fitness habits. Powered by advanced technology and OpenHub™ connectivity, Star Trac products are designed to fit seamlessly into any fitness program while delivering an elevated user experience.

Together, StairMaster and Star Trac bring a legacy of innovation and performance that fuels results and enhances every step of the fitness journey. At Core Health & Fitness, we believe in building connections between operators and their members by offering equipment that inspires movement, delivers results, and creates new opportunities for success on the cardio floor.

THE HARDEST WORKOUT IN THE GYM JUST GOT HARDER.

The StairMaster 10G marks a revolutionary shift in stair-climbing technology. The innovative new design features the OverDrive Training Mode that simulates carrying or pushing a load up stairs, for the most intense climbing workout. The 10G's advancements all focus on delivering the best climbing experience ever created. User-focused features include the widest and deepest stepping surface and lowest step-up height in the industry, ergonomic handrails to support multiple climbing positions and an all new drive train that delivers smooth, quiet performance.

StairMaster 10G	
DIMENSIONS	63 x 34 x 81in (160 x 86 x 206cm)
STEP SURFACE	12in (30cm) Deep x 22in (56cm) Width
STEP HEIGHT	8in (20cm)
STEP RATE	25 Levels ranging from 24-190 steps per minute
RECOMMENDED CEILING HEIGHT	10ft (3.05m)
STEP-UP HEIGHT	9in (23cm)
PRODUCT WEIGHT	615 lbs (279kg)

- FEATURES:**
- Intense OverDrive Training Mode: Boost cardio intensity with the OverDrive Training Mode simulating the ultimate workout challenge with Sled Push and Farmer's Carry exercises up stairs for advanced endurance training.
 - Landmark Challenge
 - Wireless phone charger
 - Apple + Samsung watch tap to pair for data tracking
 - Cup Holders

StairMaster 8Gx	
DIMENSIONS	58 x 34 x 79in (147 x 86 x 200cm)
STEP SURFACE	10in (25cm) Deep x 22in (56cm) Width
STEP HEIGHT	8in (20cm)
STEP RATE	20 Levels ranging from 24-162 steps per minute
RECOMMENDED CEILING HEIGHT	10ft (3.05m)
STEP-UP HEIGHT	9in (23cm)
PRODUCT WEIGHT	509.4lbs (231.1kg)

- FEATURES:**
- Landmark Challenge
 - Wireless phone charger
 - Apple + Samsung watch tap to pair for data tracking
 - Cup Holders

StairMaster 4G	
DIMENSIONS	54 x 29 x 64 in (137 x 74 x 64cm)
STEP SURFACE	10 in x 18in (27cm x 46cm)
RECOMMENDED CEILING HEIGHT	8ft (2.44m)
STEP UP HEIGHT	14 in (35.5cm) to first flat step
PRODUCT WEIGHT	348 lbs (158kg)

- *Light commercial rated*
- FEATURES:**
- Landmark Challenge
 - Apple + Samsung watch tap to pair for data tracking
 - Cup Holders

StairMaster 8FC	
DIMENSIONS	43 x 27 x 68in (110 x 69 x 173cm)
STEP SURFACE	SoftTrac® cushion technology
STEP HEIGHT	1 to 14in (2.5 to 36cm)
STEP RATE	20 Levels ranging from 24-162 steps per minute
PRODUCT WEIGHT	188.2 lbs (85.4 kg)

- FEATURES:**
- Landmark Challenge
 - Wireless phone charger
 - Apple + Samsung watch tap to pair for data tracking
 - Cup Holders

Stairway GTL	
DIMENSIONS	54 x 30.5 x 75.5 in (137 x77 x 192 cm)
PRODUCT WEIGHT	300LB (136KG)
RECOMMENDED CEILING HEIGHT	8.5 ft (259cm)

- FEATURES:**
- Self powered
 - Cup Holders

StairMaster JLX	
DIMENSIONS	79 x 30" x 71in (201 x 76 x 180 cm) 37" (94 cm) *With Removable Cupholders Attached

Connected Performance

OPENHUB™: THE ULTIMATE PLATFORM

OpenHub isn't just a product—it's an ideology, redefining how we approach and integrate technology. As we developed OpenHub, one key insight guided our philosophy: with the vast range of potential solutions that technology can offer, no single company can be the expert in all of them. This realization led us to a simple but powerful approach: deliver world-class technology solutions by partnering with experts.

The result is the Star Trac and StairMaster OpenHub display family, designed to deliver both convenience and connectivity. These displays seamlessly combine functional design with advanced technology, allowing users to integrate their personal devices into their workout experience. Features like wireless charging, tap-to-pair connectivity, Bluetooth, and screen mirroring empower users to customize their workout to their preferences. Built on a completely open platform, OpenHub ensures compatibility with a wide range of connectivity options—including Bluetooth, Wi-Fi, HDMI, NFC, RFID, and ANT+—making it adaptable to the needs of any facility.

Our partnership with industry leaders ensures cutting-edge solutions in areas such as workout data tracking, interactive apps, IPTV, asset management, streaming media, wireless audio receivers, and add-on PVS systems. With OpenHub, you get the best of both worlds: advanced features to enhance user experiences and robust tools to support your business operations.

At the heart of OpenHub is our commitment to staying relevant in an ever-evolving technological landscape. We believe in future-proofing through adaptability, ensuring our solutions not only meet today's needs but are also prepared for tomorrow's opportunities. By collaborating with expert partners like Apple and Samsung, we deliver features such as tap-to-pair technology and wireless phone mirroring, empowering gym owners to offer modern, personalized experiences that resonate with their members.

Whatever you're looking for in technology—whether it's seamless integration, advanced entertainment, or efficient facility management—OpenHub is here to support you and your business; now and into the future.

OUR EXPERT PARTNERS MAKE OPENHUB... OPENHUB

TO HIGHLIGHT A FEW...

RUNTV

Standard on all Star Trac and StairMaster embedded displays, RunTV transforms your workout into an inspiring and engaging experience. Explore a curated collection of virtual environments that let you run through breathtaking landscapes or tackle iconic routes like the Tour de France. Stay motivated with empowering content, from technique-improving videos and stories of extraordinary human achievements to feature films that help you escape into your workout. Whatever inspires you, RunTV delivers personalized entertainment to keep you motivated and empowered on your fitness journey.

APPLE WATCH AND SAMSUNG GALAXY PAIRING

Experience seamless integration with our OpenHub display family, offering effortless tap-to-pair connectivity with Apple® and Samsung® smartwatches. This NFC technology enables real-time workout data sharing, empowering you to personalize and enhance your fitness journey. Available on all 8/10 Series displays, and our 4 series embedded display.

CARDIO

Connected Performance

A new era of cardio displays is here. The 8 and 10 Series introduce a sleek, modern, and sophisticated design, seamlessly blending cutting-edge technology with an intuitive user experience. Engineered for clarity and performance, these displays elevate workouts with stunning visuals, effortless navigation, and seamless connectivity —setting a new standard for cardio innovation.

A few of our favorite features....

PERSONAL DEVICE MIRRORING

Our 8 and 10 Series OpenHub Embedded displays now have wireless screen mirroring. Users can seamlessly stream their favorite content directly from their personal device – whether it’s YouTube, training apps or custom workout programs, this feature keeps workouts engaging and personal.

QUICK KEY SELECTION

Quickly adjust speed, incline, resistance and level with easy Quick Key buttons on all displays in the 8 and 10 series line. This user-friendly feature allows for easy adjustment to their workout while in motion. While benefiting all users, Quick Key controls are especially ideal for HIIT and performance training, they allow instant transitions with a single touch so users can move seamlessly between intervals.

CONNECTED CONSOLES

Over-the-air (OTA) updates are a key differentiator for the 10 and 8 Series, ensuring that when connected, facilities stay ahead with the latest features, integrations, and performance enhancements—without the hassle of manual updates.

4-Series

The Star Trac 4 Series cardio line is a versatile and reliable light commercial product line designed to meet the unique needs of hospitality, multi-unit housing, and boutique fitness facilities. Combining sleek design with durable performance, the 4 Series offers smaller spaces the quality and functionality typically found in full commercial equipment. Featuring premium display options, Quick Key buttons, and the option for a personal viewing screen, this line provides an enhanced user experience while maintaining space efficiency. Whether outfitting a hotel gym, apartment complex, or specialized fitness studio, the 4 Series delivers a professional-grade solution tailored for light commercial environments.

GROUP EX

Zone Console

THE ZONE CONSOLE

Group Cycling unites a diverse array of people seeking an elevated level of training and motivation. Our Zone Console is uniquely qualified to meet the challenge. Powered by Schwinn Zone Training, instructors will love uniting a class with color, allowing members at both ends of the fitness spectrum to ride side by side with the same intensity, sense of accomplishment.

Schwinn's broad-based approach reduces the traditional number of Power and Heart Rate training zones to 4 to align with ratings of perceived exertion, creating more accessible and attainable programming for instructor and member alike. Zone-colored LED lights next to the flywheel displays each member's intensity, encouraging the class to Ride As One.

KEY FEATURES

The integration of product and education means award-winning Master Instructors live inside each and every bike and the technology featured in our Zone Console offers something for everyone.

Screen configuration allows instructors to get creative with class design; offering a more diverse and specialized schedule to members. Tying metrics to colors and recognizable graphics; instructors and members can focus on their goal at hand.

Built for growth, the Zone Console is designed for progress and loaded with new tools to discover every class. Tools like FTP trophies to track personal best and fusion timers that challenge instructors to get creative with programming concepts.

SCHWINN JOINS THE OPENHUB™ FAMILY

When we set out to create the next generation of group-cycling bikes, one goal was to provide the best technology solutions possible. To do this, we knew we had to partner with the best tech companies in the industry. Schwinn has joined Star Trac and StairMaster and created the Zone Console as an OpenHub console, making pairing with Bluetooth, ANT+ or NFC easier than 1, 2, 3.

Whether you're a gym owner looking to elevate your member experience or an instructor setting goals for your riders, Schwinn and our partners have technology solutions to help you succeed.

STRENGTH

With the invention of strength training machines, Nautilus brought fitness to the masses by focusing on biomechanics that complement natural human movements, making weightlifting accessible for everyone. This approach to authentic, inclusive muscle-building has influenced strength training programs globally for over 50 years. Today, Throwdown builds on this legacy by offering versatile, high-performance strength equipment designed to empower individuals at any fitness level. Together, Nautilus and Throwdown continue to make strength accessible and engaging, supporting a lifetime of fitness

STRENGTH

Nautilus

Inspiration

The Inspiration Strength Line embodies the innovation that redefined strength training. With sleek, modern aesthetics and uniform towers, this line makes a striking first impression in any commercial fitness space.

Every machine is engineered to mirror natural movement, delivering an intuitive, biomechanically precise workout. Users will appreciate the effortless functionality—featuring our patented Lock N Load weight selection system, wrap-around assisted seat adjustment, lenticular image placards, and pre-stretch and range of motion controls. Built for performance and accessibility, Nautilus Inspiration Strength enhances the training experience for all.

LOCK N LOAD® WEIGHT SELECTION SYSTEM

Nautilus selectorized strength has one of the most innovative and easy to use weight selection systems ever. Lock N Load® removes the need for pins, which can easily be lost or broken, meaning fewer maintenance headaches. Members will love the intuitive weight adjustment, which is as simple as flipping a switch.

Impact

The Impact Strength line refines proven biomechanics with subtle yet powerful innovations, delivering a strength training experience built for performance. Designed for versatility, this line retains the key features that make every workout effective, including pre-stretch, start assist, range of motion selection, and graduated heavy weight stacks. Engineered for strength and durability, Impact Strength integrates advanced biomechanics with intuitive functionality, ensuring a seamless training experience. With a design that balances innovation and reliability, this line remains a trusted choice for diverse strength training environments.

STRENGTH

Nautilus

HumanSport

Inspired by the natural, fluid movements of the human body, HumanSport redefines functional strength training. Its intuitive, cable-based design provides a seamless, biomechanically sound workout experience that adapts to each user's unique motion. Seven dual-function machines deliver a complete, full-body training solution, maximizing space efficiency without compromising versatility. With an emphasis on user-friendly operation and progressive resistance, HumanSport offers an innovative approach to strength training that enhances performance, mobility, and overall fitness.

STRENGTH

Nautilus

Leverage

The Nautilus Leverage line redefines plate-loaded strength training with biomechanics that maximize every lift. Engineered with a precision cam system, Leverage optimizes resistance through the full range of motion, delivering a lifting profile that mirrors the body's natural mechanics. The stainless steel knurled grips provide a tactile feel akin to barbells and free weights, enhancing user control and engagement. Assisted seat adjustments and pre-stretch settings allow for a customized fit, while integrated storage keeps workout areas organized. Designed for both performance and aesthetics, Leverage offers a plate-loaded experience that sets a new standard in strength training.

Nautilus - Plate Loaded

Plate Loaded

Plate-loaded strength training is a cornerstone of effective muscle building, offering the versatility and control that serious lifters demand. The Nautilus Plate Loaded line is engineered to optimize biomechanics, ensuring smooth, natural movement patterns while maintaining the raw power of free weight training. Designed for both performance and safety, each machine enhances user confidence with controlled loading, stable mechanics, and intuitive adjustments. Whether maximizing space efficiency or delivering a premium strength experience, this line provides the durability, precision, and innovation that set the standard in plate-loaded equipment.

Nautilus - Multi-Stations

Multi-Stations

Today’s fitness facilities demand smarter, more adaptable strength solutions. Whether you’re optimizing a boutique space, outfitting a high-traffic gym, or designing a multi-use training zone, the Nautilus Multi-Station delivers unmatched versatility without compromising performance.

Built for efficiency and scalability, each Multi-Station seamlessly integrates key strength modalities, like the Lat Pulldown, Low Row, and Triceps Press, from our industry-leading lines into a compact footprint. Modular by design, it allows operators to configure the unit based on their space, member demographics, and training trends—ensuring a tailored solution that evolves with your facility’s needs.

NEW

HIIT Rope Mount

Elevate your Multi-Station's functionality with the HIIT Rope, transforming it into a powerhouse of versatility. By adding the Upper Mount, you can seamlessly integrate a dynamic HIIT Station into one of the available positions. This enhancement builds on the Multi-Station's modular circuit design, offering expanded training possibilities that target strength, endurance, and cardio in one cohesive system.

QUICK CHANGE PULLEY
Quick rope orientation changes make for a dynamic workout! The external pulley system enables vertical, diagonal and horizontal rope positions

RESISTANCE LEVER
The HIIT Rope 6-level Magnetic resistance provides a broad range of resistance.

RESISTANCE RANGE
Easier at the bottom, harder at the top! More than twice the resistance than the top competitor.

HIIT ROPE MOUNT	
731-9678	
WEIGHT	34 lbs (15.5 kg)

Nautilus

Benches

Every detail matters when it comes to durability, functionality, and aesthetics. Nautilus Benches are engineered to exceed industry standards, offering a premium strength-training experience that seamlessly integrates with our full strength lineup. From Olympic benches with optional weight storage to our innovative abdominal and back extension benches, each piece is designed for stability, comfort, and longevity in high-use environments. With a consistent design language across all Nautilus strength equipment, your free weight area will have a cohesive, professional look—ensuring both performance and visual impact for your facility.

A PERFECT PARTNERSHIP

Throwdown Free Weights pair perfectly with Nautilus Strength products allowing you to get everything in one place. You can even find free weight sets crafted specifically for popular Nautilus Benches & Racks, Leverage and Plate Loaded products.

STRENGTH

Nautilus

Racks

Strength training demands durability, versatility, and innovation—Nautilus Racks deliver all three. Designed to seamlessly integrate with our strength lines, they provide the right solution for your members’ needs, with the option to include plate storage for added efficiency.

At the core of our system is the SVA Platform—the industry’s most advanced platform technology, engineered to reduce noise, vibration, and shock for a superior lifting experience. Built to exceed industry standards in strength and durability, Nautilus Racks offer the ultimate combination of safety, performance, and aesthetics, ensuring your free weight area is as functional as it is visually cohesive.

FUNCTIONAL TRAINING

Throwdown

XTR™ Storage

Throwdown XTR Storage is built to be both functional and durable. Simple intricate designs keep the area around the training center clutter free and safe for all members. Each piece provides a specific storage solution for all of your functional training accessories.

Throwdown FXD Bench

The FXD Bench is a multi-functional bench with integrated storage. The bench was designed for efficient use with a live or virtual on-screen instructor. It allows most exercises to be accomplished while facing the instructor. The layout of the bench and modular attachment points facilitate quick transitions between exercises.

Shown with optional Knux FXD Bench Set (Sku: TD-KNX-FXD-SET) which includes a set of 1lb, 2lb and 3lb Knux plus the Knux Holder

IMPACT SPORTS

Throwdown

FEATURES:

Versatile Base: Weighted base includes integrated handles for use as footholds during abdominal exercises and handholds for various workouts. These handles also serve as anchor points for resistance bands, straps, and battle ropes. The base can be filled with water, aqueous gel, sand, or steel shot for stability.

Advanced Shock Absorption: A dampening tank and elastic diaphragm reduce impact (absorbing stikes), prevent tipping with enhanced balance, and minimize injury risk.

FIT ACCESSORIES

Throwdown

FOAM ROLLERS

- High density foam
 - Therapeutic benefits
 - Roller maintains its form and feel
 - Two sizes available: 18" and 36" long
 - Black
 - Sold individually
- SKU: 18" (TD-FMR-18)
SKU: 36" (TD-FMR-36)

EXERCISE MATS

- Closed cell foam is light and resilient
 - Includes eyelets for hanging storage
 - Provides a base for comfortable floor exercises and stretching
 - Black
 - Sold individually
- SKU: 21" x 48" (TD-EXM-48)
SKU: 21" x 66" (TD-EXM-66)

AGILITY CONES

- Stackable & Lightweight
 - Improve speed, agility, balance and coordination
 - 5" x 1.25"
 - Light Grey
 - Sold in sets of 10
- SKU: TD-AC

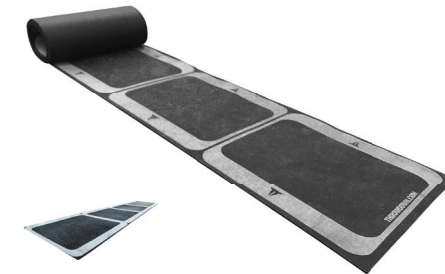

AGILITY DOTS

- Soft, flexible, plastic non-slide markers
 - 7" diameter
 - Black/Grey
 - Sold in sets of 12
- SKU: TD-DOT-SET

PREMIUM ABDOMINAL WHEELS

- Simple, yet effective training tool that targets the abs, shoulders and back
 - Smooth, 8" rubber wheel with ball bearings
 - Padded handles
 - 8" x 8" x 11"
 - Grey/Black
 - Sold individually
- SKU: TD-ABW

AGILITY LADDERS

- Premium black recycled rubber
 - Improve speed, agility, balance and coordination
 - 16' x 15"
 - Black/Grey
 - Sold individually
- SKU: TD-AGL

FLOOR SLIDERS

- Efficient design invites multiple bodyweight exercises with maximum range of motion
 - For carpet and turf
 - Black
 - Sold in pairs
- SKU: TD-FLS

JUMP ROPES

- Rubber rope for speed
 - Ergonomically designed handle with internal ball-bearing eliminates rope curling
 - Three, color coded lengths
 - Sold individually
- SKU: 8' Yellow - (TD-JR-8)
SKU: 9' Neon Green - (TD-JR-9)
SKU: 10' Blue - (TD-JR-10)

FIT ACCESSORIES

SKU: Level 6 - 3 1/4" Orange (TD-RB-L6)

MINI RESISTANCE BANDS

- Each band varies in color, thickness & tension for specialized training.
 - 2" wide x 12" diameter, made of latex
 - Sold in sets of 5
- SKU: Assorted Set - One Each (TD-MRB-SET)
SKU: Level 1 - Yellow (TD-MRB-L1-SET)
SKU: Level 2 - Green (TD-MRB-L2-SET)
SKU: Level 3 - Blue (TD-MRB-L3-SET)
SKU: Level 4 - Black (TD-MRB-L4-SET)
SKU: Level 5 - Red (TD-MRB-L5-SET)

SLEEVED RESISTANCE TUBING

- Padded, textured handles for a firm, comfortable grip
 - Five tensions
 - Grey/Color coded
 - Sold individually
- SKU: Level 1 Orange (TD-ST-L1)
SKU: Level 2 Black (TD-ST-L2)
SKU: Level 3 Purple (TD-ST-L3)
SKU: Level 4 Green (TD-ST-L4)
SKU: Level 5 Blue (TD-ST-L5)

PORTABLE LEGEND LANDMINES

- Steel construction
 - Conveniently secured using two bumper plates
 - Compatible with most barbells
 - Black
 - Sold individually
- SKU: TD-PLM

STATIONARY LEGEND LANDMINES

- Sturdy steel construction to build core strength
 - Bolts to any floor for worry-free stability
 - Compatible with most barbells
 - Black
 - Sold individually
- SKU: 72-00114-60

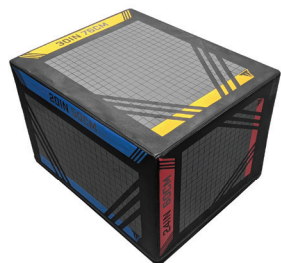

FACILITY SERIES GROUND-N-POUND DUMMIES

- Industrial grade construction with fiber fill
 - Webbing overlays reinforced structural seams
 - Used for a variety of striking & grappling drills
 - 5.6" tall / 90 LB.
 - Black
 - Sold individually
- SKU: TD-GDM-90

FIT DUMMIES

- Industrial grade construction with fiber fill
 - Practice and perfect a variety of lifts, carries, throws and ground techniques
 - Angled design and filling mimics a real body
 - Two sizes
 - Black
 - Sold individually
- SKU: 60 LB (TD-DMY-60-TD)
SKU: 75 LB (TD-DMY-75-TD)

3-N-1 POWER PLYOS

- Sturdy foam core provides the perfect jump platform
 - Durable vinyl cover
 - Provides 20", 24" and 30" jump heights
 - Black/Color coded height designation
 - Sold individually
- SKU: TD-PB-3N1-C

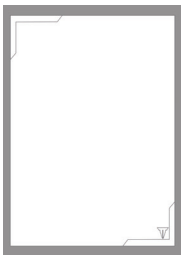

POWER PLYO SETS

- Firm foam boxes are stackable, providing seven jump heights (6", 12", 18", 24", 30", 36" and 42".)
 - Three individual boxes measuring 6", 12" and 24"
 - Durable vinyl cover with a wide 30"x36" base
 - Boxes attach with Velcro connections
 - Black/Color coded height designation
 - Sold in sets
- SKU: TD-PB-SET-C

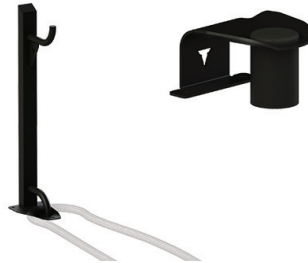

ADJUSTABLE SPEED HURDLES

- Made of durable PVC
 - 2 height adjustments, 7" & 12"
 - Bright green
 - Sold in sets of 5
- SKU: TD-ASH

HIIT INTERVAL WHITE BOARD MAGNETS

- White dry erase magnets provide a simple way to set up your station workouts
 - Mountable to all steel surfaces
 - 4" x 6"
 - White
 - Sold in sets of 20
- SKU: 91-00202

ROPE ANCHORS

- Instrumental partner component for every battle rope
 - Steel Construction
 - Mounts to floor
 - Black
 - Sold individually
- SKU: [A] Standing Rope Anchor w/ Storage (52-00118-60)
SKU: [B] Floor Mount Rope Anchor (TD-FRPA)

BATTLE ROPES

- Heavy-duty, woven rope
 - Secured hand grips on both ends
 - Available in 20' & 30' Length
 - Black
 - Sold individually
- SKU: 1.5" x 20' (TD-BTR-20-1.5)
SKU: 1.5" x 30' (TD-BTR-1.5)
SKU: 2" x 30' (TD-BTR-2)

SUPER SLEDS

- Sturdy, steel construction
 - Multi-directional design for partner training
 - Multiple grip options
 - Collapsible
 - Silver/Black
 - Sold individually
- SKU: 71-00432

SLED / CLIMBING ROPES

- Heavy-duty, woven rope
 - Secured hand grips on both ends
 - 15' & 20' full length ropes
 - Available in 1.5" diameter
 - Black
 - Sold individually
- SKU: 1.5" x 15' (TD-CLR-1.5)
SKU: 1.5" x 20' (TD-SLR-1.5)

FIT ACCESSORIES

- Versatile training kit uses gravity to build muscle, balance and endurance
 - Includes nylon webbed straps, door anchor and carrying bag
 - Black/Grey
 - Sold individually
- SKU: TD-SST

STABILITY BALL

- Made of anti-burst vinyl
 - Develop abdominal strength and balance
 - Ships deflated (pump not included)
 - Two sizes: 55cm and 65cm
 - Grey
 - Sold individually
- SKU: 55 cm (TD-STB-55)
SKU: 65 cm (TD-STB-65)

BALANCE TRAINER

- Non-skid, rubber platform
 - Durable, ribbed half-ball fills with air, facilitating multiple training routines
 - 25.5" Diameter
 - Air pump included
 - Grey/Black
 - Sold individually
- SKU: TD-BTP

TEARDROP BAGS

- T-Flex Tarpoline shell with industrial fiber fill
 - Nylon, adjustable, webbed hanging straps
 - Heavy bag hardware kit included, made from custom premium wear resistant steel.
 - 14" x 35" / 75 LB.
 - Black
 - Sold individually
- SKU: TD-TDB

UPPERCUT BAGS

- T-Flex Tarpoline shell with industrial fiber fill
 - Nylon, adjustable, webbed hanging straps
 - Heavy bag hardware kit included, made from custom premium wear resistant steel.
 - 30" x 16" / 70 LB.
 - Black
 - Sold individually
- SKU: TD-UB

WRECKING BALL BAGS

- T-Flex Tarpoline shell with industrial fiber fill
 - Nylon, adjustable, webbed hanging straps
 - Heavy bag hardware kit included, made from custom premium wear resistant steel.
 - Tactical strap included
 - 22" x 24" / 100 LB.
 - Black
 - Sold individually
- SKU: TD-WB

FIT BUMPER PLATES (LB)

- Made of rubber, minimizing gym noise
 - Durable stainless-steel insert
 - Color coded
 - Sold individually

KEPROTEC® KEVLAR® SAND DISC W/ FOAM HANDLES

Our Sand Disc with Foam Handles provide extra grip on the edges for added exercises, control, and grip strength. This highly durable sand disc keeps its shape due to its heavy-duty construction. Filled with steel sand, the shape enhances workouts due to the shift in the sand during use. Soft weight prevents damage to the user and to the floor.

KEVLAR® RUBBER MEDICINE BALL

This uniquely designed medicine ball is one of a kind. We used tire technology to combine the best natural rubber with DuPont™ Kevlar® fiber making this the most durable medicine ball on the market. This is truly an evolution in a product that hasn’t seen progress in decades. Unique custom pattern provides grippy texture to aid in catching, throwing, slamming, or moving with the ball in general. This ball has a medium bounce to it and is not a dead bounce slam ball.

FITNESS ANYWHERE

As the digital fitness market leader, Wexer provides access to world class content to thousands of organisations around the world. We work with leading content providers to create the world's largest wellness library, all licensed for global use.

Our secure, ever-evolving digital ecosystem, including virtual, mobile, app, and web player, ensures seamless content delivery. These platforms provide data-driven solutions that align with our mission: to equip and empower people to be fit, healthy, and happy.

wexer

WEXER VIRTUAL

The world's leading fitness instructors. In your studio. On demand. Round the clock.

WEB PLAYER AND APP

The Wexer Web Player is a white-labeled, web-based product that allows your members to stream exercise classes and content to any internet-enabled device, 24/7.

WEXER API

The Wexer API unlock the content that resides in the Wexer ecosystem – the world-class content that we curate from our global content partners – so it can be extracted and dropped into your own digital ecosystems.

EDUCATION

At Core Health & Fitness we believe that knowledge is power. With the world’s greatest Master Instructors, we create the most personal, accessible and innovative instructor education programs available in the industry. With our award-winning teams, instructors can earn continuing education credits backed by global accreditation organizations like ACE AFAA, CIMSPA, NASM and REPS. Our courses transform passionate enthusiasts into thoughtful, empowered and skilled experts.

Your instructors can become certified in a variety of fitness programs including High Intensity Interval Training (HIIT), Indoor Cycling, BoxMaster, Strength Training and Cardio Training; helping you launch or optimize revenue generating programs.

By offering a robust selection of quality fitness programs and world class instructor training, we give facilities the opportunity to upskill their teams, expand their member base, retain existing members and open up new revenue opportunities. We are committed to developing cutting-edge programming and providing tools that can help any instructor elevate their teaching performance and member experience.

We also know, in an ever-changing, global community it is important to meet our customers where they are. This is why we offer 3 ways for instructors to access our educational content:

1. ONLINE (REMOTE/SELF PACED LEARNING)
2. VIRTUAL (LIVE STREAM/REAL TIME THROUGH ZOOM)
3. LIVE IN PERSON

ONLINE: REMOTE/ SELF PACED LEARNING COURSES

Hosted on Inspire360.com, our Online Courses are self-paced and pre-recorded, allowing instructors to sign-up for and complete a course at their own pace. They are crafted in modules so that content can be watched in one sitting or incrementally, and each module is followed by a short quiz. Once the course has been completed and final exam passed, a certificate of completion including continuing education credits is attached. Once certified there are no additional requirements to maintain certification.

- Schwinn Classic Certification
- Schwinn Performance and Periodization Workshop
- HIIT Functional Training Certification by StairMaster
- Strength Training Specialist Training Program by Nautilus
- Cardio Coach Specialty Training Course by Star Trac

[INSTRUCTORS CAN REGISTER AT COREHANDF.INSPIRE360.COM](https://corehandf.inspire360.com)

EVENTS IN YOUR
REGION BY VISITING

VIRTUAL(LIVESTREAM / REAL-TIME VIA ZOOM)

The Schwinn Power Instructor Certification is offered quarterly as a virtual event and does not require access to fitness equipment. Although the coaching principles are tailored to a specific modality, they are applicable across all formats of coaching. Our virtual ride provides attendees with a unique opportunity to deeply focus on coaching, cueing, and the execution of the experience as guided by our Master Instructors. This allows participants to gain a fresh perspective on how a coach can truly impact the class experience.

Additionally, we can offer other certifications via live stream through Zoom upon request and coordination with the Education Manager.

LIVE IN-PERSON LEARNING

Core Health & Fitness offers various live in-person training opportunities, which can be hosted at any facility. These include:

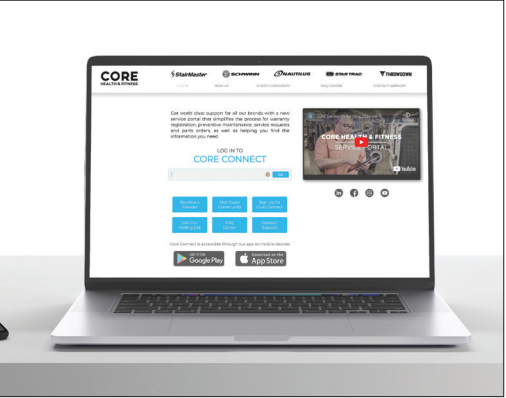

- Schwinn Classic Instructor Program Certification
- Schwinn Power Instructor Program Certification
- HIIT Instructor Certification
- Strength Training Specialist Training Course
- Cardio Coach Specialty Training Course
- BoxMaster Certification

We also host our own CoreFit Summits in different regions, and partner with major conventions such as SCW, IDEA WORLD, FIBO, and Canfitpro. At these events, you’ll find workshops covering indoor cycling, HIIT, strength training, and more.

CUSTOMER SERVICE

Support isn't just something we offer—it's at the heart of what we do best. Our world-class services reach customers in over 90 countries, backed by a dedicated team that partners with you every step of the way, from pre-sale guidance to post-sale support. Our ultimate goal? To keep your facility running at peak performance with minimal equipment downtime.

CORE CONNECT

Get world class support for all of our brands with our Core Connect portal, a platform that simplifies the process for warranty registration, preventive maintenance, service requests, parts orders and allows you to get help with your general inquiries.

[CONNECT.COREHANDF.COM/](https://connect.corehandf.com/)

CORE ADVANTAGE

Our preventative maintenance program, Core Advantage, will help preserve your equipment as excessive use takes its toll and ensures the longest possible life of your products while reducing downtime. We offer programs for all aspects of gym equipment, in every category and for every Core Health & Fitness brand. Core Advantage provides the industry's most complete programs; including one-time, monthly, once every other month, semi-annual and quarterly options available.
